

Taking a Closer Look

Food Safety Word List

Corrective action (kor-REK-tiv AK-shun): Steps taken to fix a problem in the flow of food. Actions taken by food workers to stop a hazard from making food unsafe to eat. See *hazard*.

This book is a mini-dictionary to use in your Food Manager Certification Course or other food safety training. It can help you to learn important food safety words. Look up a word and read what it means. If you know a word but cannot remember what a word means, look it up in your mini-dictionary!
